

# **ANTELOPE ISLAND STATE PARK**

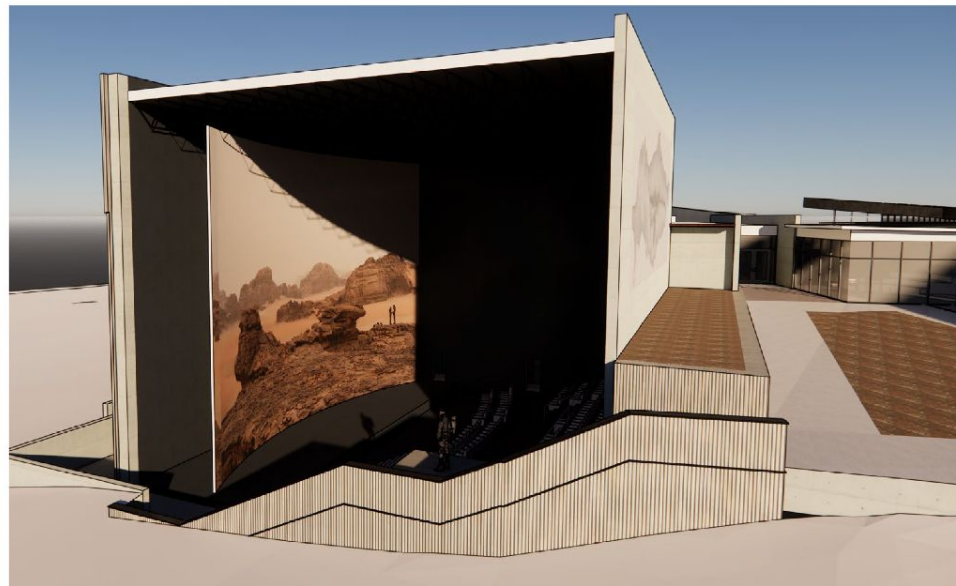

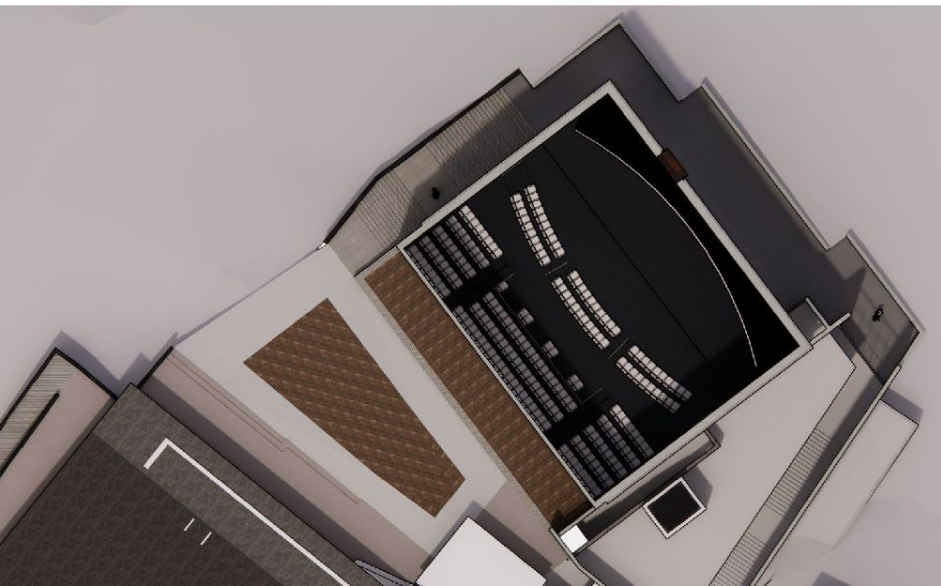

## *Visitor Center Theater Project*

***“A totally immersive 3D experience viewed on a giant 70-foot screen, where you soar with the birds and fly above the water.”***

- This theater and film will offer an immersive experience that will leave viewers with a better understanding of the importance of the Great Salt Lake and a desire to protect it.
- Visitors and school children will come to Antelope Island State Park to enjoy this exciting and educational movie experience. School-aged students will watch this film as a part of their school curriculum.
- Proceeds from the film will be invested in projects intended to save and protect the Great Salt Lake.

***Thank You!***
